The SwapNet is a 25-year tradition. Its purpose is assisting licensed or soon-to-be-licensed Amateurs in the exchange of Amateur Radio Equipment and promoting involvement in Amateur Radio.

This is a directed although informal net, please follow NC's instructions for checking-in and listing equipment. When you do give your listing, be sure to mention your name, callsign and phone number. Electronic copies of this list appear via the Internet on websites like; AustinHams.org, KK5VK.com and sss.org.

Items on the SwapNet exist for a period of six weeks. If your listing changes in any way, or if you wish to extend your listing, please notify NC. You are encouraged to state an asking price when you make your listing. Items on the SwapNet are sorted by callsign suffix. The listors callsign is announced after their items. If you hear something you like and need a repeat, it saves time if you have the listors callsign.
